Mat Black

Descriptions

Design: Corner Shape

Glass types: 10mm clear toughened

Door System: pivot door

Why frameless Shower screens

- Superior quality and toughness. The frameless shower screens are made of 10mm tempered glass.
- Easy to clean, a breeze to maintain. No "hard-to-reach" spots.
- The door can be opened inwards and outwards as the hinges provide 180 ° range of movement.
- All mounting hardware is chrome electroplated to resist chipping and scratching. Made from solid brass, stronger and more resilient than stainless steel hinges and brackets.
- Glass panels are high quality and conform to Australian Standards AS /NZS 2208
